**License/Quota Decision Guide for Ha’oom Fisheries Society**

**Preamble:** Ha’oom Fisheries Society (HFS) administers various fishing licenses and quota. At the current time, the level of fishing access available is less than the demand for the access. As such, HFS is in the difficult position of having to allocate the scarce access in an equitable, fair and transparent manner. Below is a decision guide to assist the Board of Directors of the HFS in their determination. This decision guide is available to the fishers and provides a transparent approach for selection decisions.
